Subject: Re: Shape files for sortie 1 (first flight) ammonia detections. I will send the aircraft data in a follow-on email
Date: Thursday, April 18, 2013 1:16:13 PM
Importance: High

Thanks for sending this out but will you please use the process we formalized at the end of the Sandy Response to fetch this data.

We are getting too many emails that I'm afraid we are going to miss something. The FTP solution is the most efficient means for us to fulfill our mission.

Thanks Mark
